

Grace Lutheran Church & School

January 15, 2015

Dear Friends in Christ,

Those of us who call Grace Lutheran Church & School our worship home know that these are exciting days, as we're starting to share information about our Beacon at the Crossroads Capital campaign.

We know that in the very early stages of this campaign there are great questions to be asked and important details that need to be shared about the Ministry Renewal Project itself. Your pastors, Beacon at the Crossroads campaign leadership team and Ministry Renewal building project group will soon present an information video about the project. Additionally, the OT 9 design team, headed by architect Sean Williams, will visit in the coming weeks for a Town Hall meeting. At that time, information will be gathered from the Congregation regarding certain aspects of the project and updates will be shared regarding the project and its progress. Finally, our intent is to offer several awareness opportunities during gatherings that are already occurring on our campus: prior to worship, at group Bible studies and at Family Night. These opportunities are intended to be informative, detailed and concise.

The first awareness opportunity will take place at the Unity Sunday Divine Service on January 25 at 10:00AM, where we will show the aforementioned video highlighting several aspects of the Ministry Renewal Project at Grace.

Thank you for being a part of the vision at Grace Lutheran Church & School!

Your Friends in Christ,

Rev. Kevin R. Loughran
Senior Pastor

Charles H. Kard
Campaign Director
